

# THE SMALL SCALE LNG USE EURO-MEDITERRANEAN CONFERENCE & EXPO

## PROGRAMME

**NAPLES** **2019**  
**15-16 May**

Palazzo dei Congressi - Mostra d'Oltremare

# **PROGRAMME**

**Wednesday May 15, 2019**

## **9.00 - Registration of participants**

## **9.30 - Room Eolie**

### **Welcome and opening Remarks**

**Sergio Garribba** – President Scientific Committee, ConferenzaGNL

**Valeria De Sieno** – CEO, Mostra d’Oltremare

## **10.00 - 12.30 - Plenary Session**

### **Key note speech**

*The future of natural gas*

**Vincent Demoury** – General Delegate, GIIGNL

*CDP for energy transition and innovation*

**Luigi Paganetto** – Vice President, Cassa Depositi e Prestiti

## **SMALL SCALE LNG: A MILESTONE TOWARDS A SUSTAINABLE ENERGY TRANSITION**

*Direct uses of Small Scale LNG in transport, industry and elsewhere are no longer a promise but a solid reality in the global energy transition. Leading experts, representatives of major international organizations and companies will describe the state of the art. It is the first time in world economic history that a new fuel spreads simultaneously on all continents. There are regional characteristics to be evaluated and shared. Concerns about climate change, security of energy supply and competitiveness are all driving factors towards an increasing role for Small Scale LNG. Renewable LNG from green electricity and biomethane liquefaction, will drive the industrial chain.*

**Chairman** : **Sergio Garribba** - President Scientific Committee, ConferenzaGNL

### **Vision and Strategies**

**Nataliya Zaiser** – General Secretary, WEC Russia

**Pietro Spirito** – President, Port Network Authority of the Central Tyrrhenian Sea

**Mikhail Likhachev** – General Director, Gazprom Gas Motor \*

**Pierre Vergerio** – Executive Vice-President Gas Midstream, Energy Management & Optimization, EDISON

**Emanuele Gesù** – Head Small Scale LNG, Snam

**Claudio Evangelisti** – CEO, HIGAS

### **Closing Address**

**Giampaolo Cutillo** – Head Office Energy, Environment, Sustainability, DGMO, Ministry Foreign Affairs and International Cooperation

**12.30 - 13.00 - Area Expo**

## **EXPO OPENING CEREMONY**

**Mario Calabrese** – City Councilman, Transport and Infrastructure, Naples  
**Angelo Meola** – Chairman, Mirumir

**13.00 - 14.00 - Lunch break**

Room Eolie

**14.00 - 15.30 - Special Session**

## **HOW TO SUPPLY SMALL SCALE LNG FOR MARKET DEPLOYMENT**

*Small scale LNG market is growing fast, but in Italy and in other European countries some key rings in the logistic chain are still to be realized. Inland and coastal storages, mini liquefaction technologies or multimodal transport systems - also by isocontainers - are the main responses to the demand for Small Scale LNG. Times of construction and volumes available will affect the market and its geographical diffusion. Industry will give its recipe for a fast completion of the logistic chain.*

**Chairman: Antonio Peciccia** – Senior Reporter, Argus Media

### **Opening Speech**

**Steve Esau** - General Manager, SEA\LNG

### **Vision and Strategies**

**Fabio Dattilo** – Head, National Fire Corps

**Francesco Franchi** – Chairman, Federchimica Assogasliquidi

**Marcello Di Caterina** – General Director, ALIS

**Michele Governatori** - President European Energy Retailers

**Luca Gazzera** - LNG Industrial & Automotive Sales Manager, Vanzetti Engineering

**Alessandro Fino** – Managing Director, OLT Offshore LNG Toscana

Room Eolie

**15.45 - 18.00** - Thematic Session

## **HEAVY ROAD TRANSPORT AND RAIL TRANSPORT**

*LNG is rapidly replacing oil products, especially in heavy transport on long distances sectors. New benefits would emerge because of continuing technology innovation. In addition, LNG has interesting prospects also in the rail transport sector.*

**Chairman: Mariarosa Baroni** – President, NGV Italy

### **Opening Remarks**

**Andrea Gerini** - General Secretary, NGVA Europe

**Marina Barbanti** – General Director, Unione Petrolifera

### **Vision and Strategies**

**Massimo Marciani** – Chairman, Freight Leaders Council

**Nicola Pascale** – Delegate of ASSTRA

**Ilaria Danesi** – Panelist LNG

**Valentina Infante** – Head of Small Scale LNG Business Gas Midstream, Energy Management & Optimization, EDISON

**Andrea Fioravanti** - Business Development Small Scale LNG, Snam

**Fabrizio Buffa** - Gas Business Development Manager, Iveco

**Massimiliano Rizzi** – Sales Manager, Tecnogas

Room Sicilia

**15.45 - 18.00** - Thematic Session

## **MARITIME TRANSPORT**

*January 1, 2020 - January 1, 2051: from 0.5% sulfur to minus 50% of carbon dioxide. LNG for maritime transport is the best solution for all the seas through the world. Ship-owners, shipyards and lenders are ready.*

**Chairman: Diego Gavagnin** – Scientific Coordinator, ConferenzaGNL

### **Opening Remarks**

**Mauro Coletta** - General Directorate for Infrastructure and Maritime Transport, MIT

### **Vision and Strategies**

**Marika Venturi** – Chairman, Assocostieri

**Giacomo Fabbri** – Vice President, Assogasliquidi

**Umberto D'Amato** – Vice President Technical Committee, Confitarma

**Franco Porcellacchia** - Vice President, Carnival Corporation

**Bartłomiej Zygmunt Kolosowski** - Head of Noble Denton marine services, Area Italy and Mediterranean, DNV GL

**20.30 - Official dinner on invitation**

**Thursday May 16, 2019**

Room Eolie

**9.30 -11.30** - Plenary Session

**SMALL SCALE LNG FOR ITALY, EUROPE AND THE MEDITERRANEAN AREA**

*European Union has placed itself at the forefront of environmental protection and in the battle against climate change. Many of the measures launched in the past few years, regarding the emission limits in transport and the development of alternative fuels infrastructures, require a large-scale implementation of clean technologies, like Small Scale LNG ones. Europeans look at Middle East and Africa and aim to involve these areas in the development of Small Scale LNG. To achieve this goal, the energy transition must have the same intensity in all countries of the Mediterranean region.*

**Chairman: Umberto Masucci** – President, The International Propeller Clubs

**Opening Address**

**Houda Ben Jannet Allal** - General Director, OME

**Jean Mark Leroy** – President, GIE

**Vision and Strategies**

**Daria Nochevnik** - Deputy Head, Greek Energy Forum

**Calogero Burgio** – President, MEDports association - Sustainability Committee

**Claudia Checchi** - Partner, REF-E

**Federico Meloni** – President, GNL Sardegna

**Mauro Evangelisti** – Chairman, Gas & Heat

**Mats Fagerberg** - Commercial Director, Avenir LNG

**Closing Session**

**Davide Crippa** – Undersecretary Ministry of Economic Development

Room Eolie

**11.45 - 13.00** - Round Table

In cooperation with UFM Gas Platform

**HOW TO PROMOTE SMALL SCALE LNG USE IN THE EURO-MEDITERRANEAN REGION: OPPORTUNITIES AND PROSPECTS**

*Representatives of national, European and International Institutions discuss how to create in the Mediterranean a Small Scale LNG platform for Europe, Africa and Middle East. At the first place, information sharing, along with regulatory, safety and technical aspects standardization.*

**Introduction and Moderation**

**Paolo D’Ermo** – Secretary General, WEC Italy

**Opening Remarks**

**Houda Ben Jannet Allal** - General Director, OME

## Discussant

**Daniel Gomez Benusiglio** - Chairman of OME's Hydrocarbons and Energy Security Committee

**Leonidas Kioussis** - International Relations Officer, Directorate-General for Energy, European Commission

**Adnene Masmoudi** - Chef de Département Principal Chargé du Projet GNL, STEG DPTG, Tunisia

**Ashutosh Shastri** - Member of the Board, Global Gas Centre

**M. Burak Tüfekçioğlu** - Energy Expert, Turkish Energy Market Regulatory Authority (EMRA), Turkey

## 13.00 - 14.30 - Lunch break

Room Eolie

**14.30 - 16.30** - Thematic Session

### MINI LIQUEFACTION, SYNTHETIC AND BIO-LNG THE SPECIAL GUESTS

*Leading experts will discuss mini liquefaction, "green power to LNG" and Bio-LNG, that are becoming a powerful engine for the development of all direct uses of LNG. Synthetic and Bio-LNG mixed with fossil LNG further improves the already exceptional environmental performances. The Renewable LNG appears as the last stage of the energy transition, in the evolution from fossil fuels towards renewable energy sources. Economic and efficient liquefaction technology is the key to success.*

**Chairman: Silvia Favasuli** – Reporter Europe, Interfax Global Services

### Opening Remarks

**Nicolas Jensen** – EU Affairs Manager, Eurogas

### Vision and Strategies

**Christoph Menzel** – Head of Office, WEC Weltenergierat Deutschland

**Cristiano Fiameni** – Technical Director, CIG

**Lorenzo Maggioni** - Head of R&D, CIB

**Gianluca Pasini** - Member of the board - Promostudi La Spezia Foundation

**Frank Hartevelde** – General Manager Strategy & Business Development, Wartsila Marine Business Processing Solutions, Gas Systems

**Pierangelo Ponzoni** - Director Industry & Renewables, Ecospray Technologies

Room Sicilia

**14.30 - 16.30** - Thematic Session

## **TECH INNOVATION KEY TO SUCCESS: INDUSTRIES, GRIDS, SPACE**

*Integration between various sectors - first maritime and land transports - favors and accelerates the diffusion of LNG final uses, driven by environmental and economic objectives. Representatives from world's leading manufacturers and users will illustrate the latest innovations, also by micro gas turbines, for industries, fuel grids and city networks. A new case is represented by space carriers where LNG use has excellent environmental and economic prospects.*

**Chairman:** Rita Caroselli – Director, Federchimica Assogasliquidi

### **Opening Remarks**

**Romano Giglioli** – Professor, University of Pisa

### **Vision and Strategies**

**Francesco Creta** – Associated Professor, Sapienza University, Dept. Mechanical and Aerospace Engineering

**Daniele Kajon** – Senior Propulsion Engineer Research and Development, Avio

**Filippo Bernocchi** – President, ANCITEL Energia e Ambiente

**Massimiliano Naso** – LNG Sales Director, Liquegas

**Giuseppe Bernardelli** – LNG & Power Business Development Director Flow Europe, Emerson

**Pierluigi Gritti** – Air Separation Units Division Director, SIAD

**16.30 - 17.00** - Expo Area

## **CONFERENCE AND EXPO CLOSING CEREMONY**

**Sergio Garribba** – President Scientific Committee, ConferenzaGNL

**Daniele Bosio** – Coordinator for Maritime Affairs, Italian Ministry of Foreign Affairs, National Coordinator for the WestMed Initiative

\*to be confirmed

*with the High Patronage of*

### **SPECIAL SUPPORTER**

### **SPONSOR PLATINUM**
